

PROGRAM SCHEDULE

Nanomedicine Symposium

Monday, December 11, 2006 – Texas Instruments Auditorium, UTD Richardson Campus

Time	Event	Speakers	Affiliation	Title
7:45-8:00a	Registration			Refreshments served in foyer of TI Auditorium to registered guests
8:00-8:15a	Announcements & Welcome	Bob Helms		
8:15-9:00a	Keynote Speaker	Mauro Ferrari	UT Health Center	Nanotechnology: From the Outer Frontiers to the Core of Medicine
9:05-9:35a		Inga Musselman	UTD	Research in the Bionanosciences Group at UTD: Biocompatibility and Intracellular Fate of Polypeptide-Coated Single-Walled Carbon Nanotubes
9:40-10:10a		Kathlynn Brown	UTSW	Cell Stress and Cancer Nanomedicine at UTSW
10:15-10:30a	BREAK			Refreshments served in foyer of TI Auditorium to registered guests
10:30-11:15a	Keynote Speaker	James Anderson	Case Western Reserve	Nanomaterials and Biocompatibility: a New Paradigm
11:20-11:50a		Bob Murphy	Carnegie Mellon	Automated Interpretation and Modeling of Subcellular Patterns for Systems Biology
11:55-12:25p		Elena Dormidontova	Case Western Reserve	Theoretical Aspects of Nanoparticle Targeting in Drug Delivery
12:30-2:00p	LUNCH			Lunch served in foyer of TI Auditorium to registered guests
2:00-3:00 p	Poster session			
3:00-3:45p	Keynote Speaker	Shuming Nie	Georgia Tech	Nanotechnology and Bioengineering for Personalized Medicine
3:50-4:20p		Christine Allen	UToronto	Nano-engineering Liposomes for In vivo Multimodal Imaging
4:25-4:55p		Zheng-Rong Lu	University of Utah	Biodegradable Macromolecular MRI Contrast Agents
5:00p	Celebration Mixer			Refreshments served in foyer of TI Auditorium to registered guests
